Mahoney Design and Build Calls for Volunteers for His Team

Mahoney Design and Build, Inc., of Canastota, NY announced today they will be the builder for ABC's Extreme Makeover: Home Edition's upcoming build in the Central New York area. The builder was selected to oversee and implement an intense one-week build that will change the life of a deserving Central New York family. Though the exact location of the project has not been disclosed at this time, the Mahoney Design and Build team looks forward to taking on this unimaginable task to give one of five families selected in the area a life changing gift—a brand new home. The location and family will be announced on August 18.

"We are extremely honored to have the opportunity to improve the lives of one very deserving family in Upstate New York," said Tim Mahoney, president of Mahoney Design and Build. "This project is so important to us because, very simply, my family and I have been blessed in so many ways, and I am thankful for the honor to give back."

The builder is asking for donated building materials and supplies to help ensure the success of this life changing project. Interested individuals or companies can find more
